

The DAAD & The DIES Joint Higher Education Management Programme

Andreas Wutz, Director DAAD Amman

director@daad-jordan.org

With financial support by:

Why Higher Education Management?

- **Expansion:** Increased number of students challenge universities and the quality of HE provision
- **Funding:** Scarce resources force universities to be more efficient and to acquire funds from other sources (industry, donors, students, etc.)
- **Governance:** Decentralising of decision-making from the state to the universities increases both autonomy and accountability
- **Competition:** New modes of funding, internationalisation, and marketisation increase competition of universities on a national and international level

→ These trends effect the **internal governance structure** of universities and require **new management skills**

With financial support by:

Dialogue on Innovative Higher Education Strategies (DIES): Joint Venture with the German Rectors' Conference (HRK)

Dialogue

... fosters the exchange on topics of higher education management and quality assurance
